PHYSIPRO

Decorative Spoke Guards

Table of content

Physipro introduces a new line of colourful spoke guards!

Spoke guards are utilized to keep the finger out of danger while adding a personal touch to your wheelchair. We offer spoke guard designs to customize your chair the way you want!

*You can also order transparent spoke guards if desired.

Customize Spoke Guards :

It is possible to create and customize spoke guards by using the picture of your choice (if the picture provided is in 300 dpi, in high resolution and free of copyright). **For a customize spoke guard design, additional charges will apply.**

You can also create a spoke guard with your own logo (hospital, Rehabilitation Center, Sports Team, etc,). Additional costs apply.

To order spoke guards, please refer to the order form or go to www.physipro.com

Physipro Spoke Guards :

• Safe
• Made from durable polycarbonate
• Sold in pairs
• Attached with Velcro Strap
